

ORTHODONTICS FOR DENTAL HYGIENISTS

A REGENCY POST-DIPLOMA COURSE

For the first time Regency is offering **Orthodontics for Dental Hygienists**. "Hands-on" experience under the leadership of prominent orthodontists. Exposure to the interpretation of orthodontic diagnostic records as it relates to the design of appropriate treatment plans. Discover the complexities of orthodontic treatment with illustrations of fixed and removable appliances. Participate in "hands-on" technique workshops with emphasis on bracket bonding/arch wire placement and the unique experience of screening clients in a clinical setting. **Contact us to request an application.** Please indicate if you are a Regency graduate to ensure you receive the Alumni Application, including special consideration (i.e. unique pricing).

October 15, 16, 29, 30 (8 hour days)

Full Tuition: \$2,950.00

Reduced tuition on, or before, July 30, 2010
